Guru Nanak College granted autonomous status by UGC

The college also achieved 'A+' grade as per the assessment of the National Assessment and Accreditation Council (NAAC)

Autonomy empowers higher education institutions to engage in independent academic and administrative processes. Colleges with autonomy have the freedom to introduce new courses, offer skill development programmes and build quality environments.

Recently, Guru Nanak Vidyak Society's Guru Nanak College of Arts, Science and Commerce (GNC) located at GTB Nagar, Mumbai received autonomous status from the University Grants Commission (UGC) for 10 years. In October 2023, the college was also granted the much coveted 'A+' Grade by the National Assessment and Accreditation Council (NAAC). This is at once the recognition of and the vital need for sustaining high-quality education in the College.

The college has established the 'GNC Kaushal Centre' that offers more than 36 certificate courses. Its UGC-recognised

The college also screens films, and organises cleanliness drives

course in 'Science Communication' is introduced in Mumbai. The GNC Language Lab imparts knowledge in English as well as in Gurmukhi, Persian and Urdu, with plans to introduce market-oriented language courses like French, Mandarin, and Spanish. To enable 'comprehensive learning', the college has constituted various clubs such as the Rotaract Club of GNC, Green Club, Constitution Club, Film Club, and multilingual Poetry Club. As part of the various club activities, the college screens films and organises cleanliness drives, awareness drives etc. It is also equipped with a placement cell under which it invites national, multinational and public sector companies to visit the college for talent

acquisition. S Manjit Singh Bhatti, president, Guru Nanak Vidyak Society (GNVS) said, "The college will now offer new and innovative programmes for the benefit of the students. The college has competent and qualified young staff to mentor and guide the students. It will also introduce a robust faculty development programme and focus more on industry-academia collaborations."

Keeping the college motto — 'come in to learn and go out to serve', Dr Pushpinder Bhatia, principal of the college says that education should not just respond to market needs but also ensure equitable outcomes in the society. Prof Shyam Sunder, Adjunct Professor, Management Development Institute, Gurugram, who was a former faculty in GNC, says, "This is now among the prominent higher education institutions offering first-class facilities and quality education."

OUR MOTTO

COME IN TO LEARN,
GO OUT TO SERVE!

OUR MISSION

holistic teaching-learning environment.
